

**PUBLIC NOTICE**  
**Air Quality Regulatory Measures**  
**that May Be Adopted or Amended in 2023**

State law (Health and Safety Code Section 40923) requires the Santa Barbara County Air Pollution Control District (District) to publish a list of regulatory measures scheduled for consideration each year. These regulatory measures, or rules and regulations, are adopted in order to reduce air pollution in Santa Barbara County. Air quality rules and regulations that may be adopted or amended during 2023 are listed below. Other measures may be proposed for adoption per the criteria specified in Section 40923 of the Health and Safety Code. Before the adoption or amendment of any regulatory measure, the District publishes a notice in a local newspaper and holds a public hearing to accept comments from affected businesses and other interested parties.

**The following rules are tentatively proposed to be adopted or amended in 2023:**

<b><u>Rule</u></b>	<b><u>Title</u></b>
210	Fees
316	Storage and Transfer of Gasoline
333	Control of Emissions from Reciprocating Internal Combustion Engines
358	Stationary Gas Turbines
362	Nitrogen Oxides (NOx) from Miscellaneous Combustion Sources

**The following rules are included in case adoption or amendment is needed during 2023:**

<b><u>Rule</u></b>	<b><u>Title</u></b>
102	Definitions
201	Permits Required
202	Exemptions to Rule 201
211	Technical Reports – Charges For
213	Fees for Registration Programs
312	Open Fires
321	Solvent Cleaning Machines and Solvent Cleaning
