Subject: RE: Request for Confidentiality

Hi Marianne,

No need to withdraw and re-submit. Please just submit a revised version of the EcoPas application material that follows the Confidential Information P&P (<https://www.ourair.org/wp-content/uploads/6100-020-1.pdf>). We will replace this section of the original application, and shred the confidential pages.

Sincerely,

David Harris
Santa Barbara County APCD
(805) 961-8824

Subject: Request for Confidentiality

Hi David,

I don't even know if this is possible or the process, but, EcoPas has requested that we revise the application that was submitted for CCWS to include their data as confidential. Would I have to make a request to withdraw the ATC application and resubmit?

Thank you.
