Board Agenda Item

TO: Air Pollution Control District Board

FROM: Aeron Arlin Genet, Air Pollution Control Officer 

CONTACT: Lorena Saldana, Executive Assistant/Board Clerk, (805) 979-8282

SUBJECT: District Grant and Incentives Program Activity

RECOMMENDATION:

Receive and file the following:

1. An update on the Old Car Buy Back Program for vehicles retired during the period of March 1, 2022 through April 30, 2022; and
2. Summary of the emission-reduction grant agreement approved by the Air Pollution Control Officer for the period of March 1, 2022 through April 30, 2022 in accordance with Board Resolution Number 20-13.

DISCUSSION:

This item provides an update on two grant programs and the activity that has occurred since your last Board meeting. Grant fund allocation reports for the District's Old Car Buy Back Program identify funding allocation to date, remaining fund balance, and project location. As part of the 2020 Clean Air Grants Program, your Board expanded the authority of the Air Pollution Control Officer to issue grants for emission reduction projects up to \$250,000 provided your Board had authorized an overall umbrella program for each type of project. The attached summary sheet describes the grant approved since our last report.

The District's 2021 Clean Air Grants Program project solicitation window closed on September 3, 2021, and the District received seventy-five (75) project applications from local businesses and public agencies with a total requested funding over \$10 million. The District received \$3,239,354 of Carl Moyer, FARMER, and \$2 DMV Surcharge funds to implement the 2021 Clean Air Grants Program. Funding projects involves a ranking system based on prioritizing zero-emission or near-zero emission technology projects, and projects located in low-income communities, as defined by

AB 1550. Projects selected to be funded are eligible to receive a grant within a range from \$10,000 to \$250,000, not to exceed 80% of the total eligible project costs. District staff is now offering grants to the highest ranked projects.

ATTACHMENT A

Old Car Buy Back Program Update

May 19, 2022

Santa Barbara County Air Pollution Control District
Board of Directors

260 San Antonio Road, Suite A
Santa Barbara, California 93110

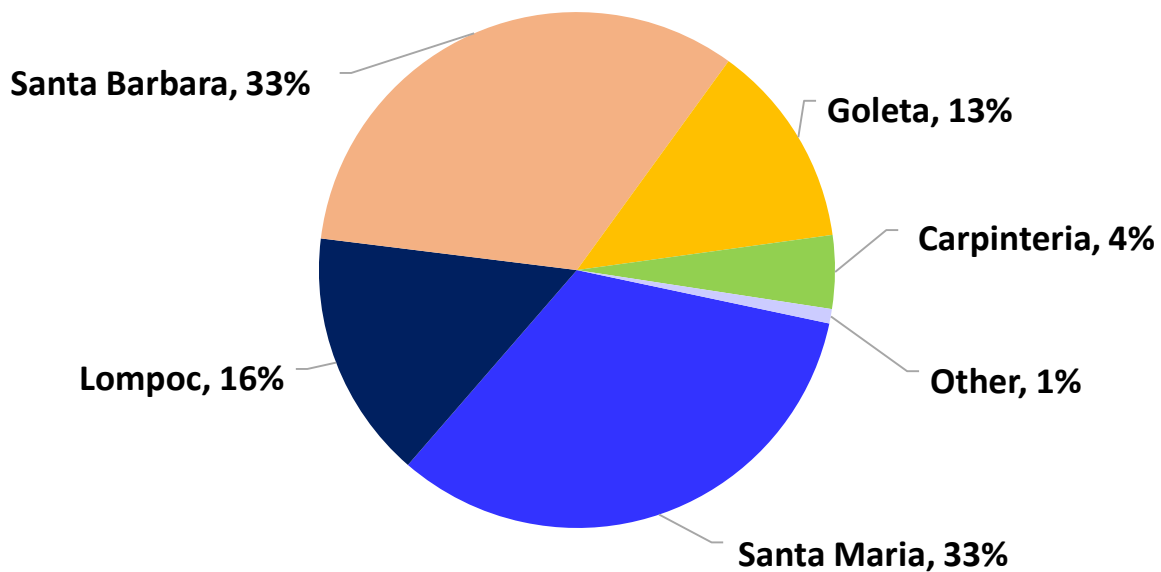

Old Car Buy Back Program Update

The District's Old Car Buy Back Program currently pays Santa Barbara County vehicle owners \$1,000 to voluntarily retire their fully legal and operational 1997 or older, light or medium duty car, truck, van, or SUV. The regional dismantlers earn \$250 for each vehicle that they help retire. Currently, the total program cost is \$1,250 to retire a vehicle.

The program accelerates the improvement of air quality by removing high polluting vehicles from the road, quicker than normal vehicle attrition. Funding for the program is derived from \$2 DMV registration surcharge funds. Below is the program data for the most recent reporting period and the entire fiscal year.

Old Car Buy Back Program Activity		
	3/1/2022 - 4/30/2022	FY 2021-22
Vehicles retired	16	112
Funds committed @ \$1,250/vehicle	\$20,000	\$140,000
Total tons reduced [NOx+ ROC + PM]	1.25	8.94
Average project cost-effectiveness	\$16,004/ton	\$15,725/ton

Vehicle Owner Location (FY 2021-22)

air pollution control district
SANTA BARBARA COUNTY

March 14, 2022

Santa Maria Valley Crop Service
Attn: Jimmy Draper
1765 West Main Street
Santa Maria, CA 93458

RE: Termination of Grant Agreement AP192009

Dear Jimmy Draper:

The Santa Barbara County Air Pollution Control District (District) received your letter dated February 23, 2022, requesting termination of Grant Agreement AP192009 as executed on February 5, 2020 and amended on August 19, 2021. This letter serves as the District's acknowledgement and acceptance of your termination of the grant agreement for good cause, pursuant to Section 15.a (Termination).

Since the District has not provided grant funds to Santa Maria Valley Crop Service in relation to the grant agreement, there is no obligation for Santa Maria Valley Crop Service to return any money to the District pursuant to Section 15.b (Termination). No further action is required on your part.

Please contact Jim Fredrickson of my staff at FredricksonJ@sbcapcd.org or (805) 979-8328 if you would like to discuss this issue further. Thank you.

Sincerely,

Aeron Arlin Genet,
Air Pollution Control Officer

Date: 2/23/2022

Santa Barbara County Air Pollution Control District
Attn: Emily Waddington
260 N. San Antonio Rd. #A
Santa Barbara, CA 93110

RE: Request to Terminate Grant Agreement AP192009

Dear Emily Waddington:

This letter is to request termination of Grant agreement AP192009 between Santa Maria Valley Crop Service and the Santa Barbara County Air Pollution Control District from the 2019 Clean Air Grants program.

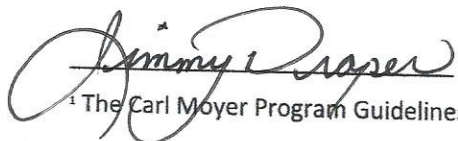

The manufacturers of the new truck for Santa Maria Valley Crop Service were unable to meet the requirements of Grant Agreement Amendment #1, Section 2 (Time of Performance), which required that the new low-emission vehicle (a 2022 HINO truck) described in Attachment A (Scope of Work) be operational and post-inspected by District staff 120 days from the effective date of the Amendment, which was December 17, 2021.

Furthermore, Section 2 (Time of Performance) required that the new low-emission vehicle be in operation for a minimum one (1) year project life before replacement was required, per the Carl Moyer Program guidelines and the California Air Resources Board's Truck and Bus Regulation.¹ Santa Maria Valley Crop Service's existing 1995 International truck has a compliance deadline of January 1, 2023. Delivery of the new 2022 HINO truck and destruction of the existing 1995 International truck under Grant Agreement AP192009 was required to be performed by at least by January 1, 2022 to meet the requirements of the Carl Moyer Program.

Based on this, Santa Maria Valley Crop Service is requesting a termination of Grant Agreement AP192009 for cause according to Section 15.a (Termination).

Sincerely,

Jimmy Draper
Santa Maria Valley Crop Service

Attn: Alex Economou
260 N. San Antonio Rd. #A
Santa Barbara, CA 93110

RE: Request to Terminate Grant Agreement AP202119

Dear Alex Economou:

This letter is to request termination of Grant Agreement AP202119 between H&R Investments, LP, and the Santa Barbara County Air Pollution Control District from the 2020 Clean Air Grants program.

Unfortunately, the City of Santa Barbara would not provide us with a permit unless we made one of the charging stations for a van accessible ADA parking space. This would require us to lose two additional parking spaces. We already have four ADA spaces and one van ADA space. We were making one of the ADA spaces with a charging station. The city would not entertain our request for a variance or any other type of accommodation for their requirement. As a result, we have been forced to abandon this project and return the grant. We have already spent thousands of dollars trying to make this project work without success. We are very disappointed.

Based on this, H&R Investments, LP is requesting a termination of Grant Agreement AP202119 for cause according to Section 15.a (Termination). If you have any questions please reach out to my manager, Rob Kooyman at 805-722-1369.

Sincerely,

H&R Investments, LP
