Board Agenda Item

TO: Air Pollution Control District Board

FROM: Terry Dressler, Air Pollution Control Officer

CONTACT: Ron Tan, Planning and Technology Supervisor (961-8812)

SUBJECT: Old Car Buyback Program

RECOMMENDATION:

Receive and file notification of program funding increase for the APCD Old Car Buyback program.

DISCUSSION:

On March 15, 2007 your Board authorized the Air Pollution Control Officer (APCO) to increase the funding amount for the APCD Old Car Buyback (OCBB) program by \$150,000 with an option for an additional \$100,000 increase if community interest justified it. The purpose of this authorization was to ensure that the OCBB program will continue without interruptions which might result from delays in obtaining additional funding allocations. Staff agreed to update the Board should the APCO exercise this authority.

Continued demand has created the need to increase the program funding. On April 25, 2007 the APCO exercised his authority and increased the funding amount by \$150,000 (See Attachment 1).
